

What is your polling station?	polling district	Did you find the polling station accessible?	Do you think the polling station is suitable for voting purposes?	If you selected no, please let us know why it isn't suitable	Please tell us if you know of a more suitable building that could be used instead of your current building/polling station
Millbrook Primary School	WAB	Yes	No	<p>It is a primary school and we have a child who currently attends this school and older children who previously attended this school. The number of teaching days lost plus the struggle to find childcare for the numerous polling days is unfair on working parents. There is a church hall nearby which could be used instead. There is also a youth club in the village, which could also be used. The argument that Millbrook is accessible for the elderly on the estate is outdated because most elderly people who want to vote will ask family to help and surely in this day and age, provision could be made by the local council to transport any elderly people who do not have family or neighbours to help. This would prove popular with those people and give the voters a little bit of something back from the huge amount of council tax they pay each year.</p>	<p>St. Anne's church hall. Shevington youth club. A porta cabin could be used on the car park at Millbrook as done in at least two places by West Lancashire council in UpHolland.</p>

Millbrook Primary School	WAB	Yes	No	It is a school. When you use it as a polling station, the children can't be taught. Stop using schools. Use council buildings, churches, church halls, libraries, hotel conference rooms, pubs, anything other than schools.	Shevington has at least 3 churches with halls, a community hall, and there is a pub with an unused 1st floor. A school is for children to be educated in. Do not use schools anymore for polling.
Millbrook shevington	WAB	Yes	No	It is reliant on school closure which is disruptive to education/ increases difficulties faced by working parents trying to manage childcare.	
Millbrook primary school	WAB	Yes	No	It's a school and should be used for that purpose only during school year. You penalise parents for kids being absent from school but yet find it accepts to close school for a whole day for election purposes which has nothing to do with education. It also makes it a nightmare for working parents to make child care arrangements at a last minute notice.	Shevington youth club
Millbrook Primary School	WAB	Yes	No	I feel its ridiculous to shut the school for the day when there are other places available in the area that would be suitable without disrupting a school day. Not only does it stop a child going to school but also disrupts parents who cannot get child care and have to book time off work for the day - this is not always viable.	In the Shevington area there are 3 other places that could be used - St Anne's Parish Rooms, Shevington Youth Club and Shevington Methodist Church that are empty during the daytime.

St annes Standish lower ground	WAC,WAD	Yes	No	There are so many other places that can be used instead of a small primary school who have to close for safeguarding purposes. It's totally unacceptable - there is a local club on the corner that could be used if needed or even use a porta cabin or borrow one of the rooms at the Latvia old training ground. Impacting on children's education for every election is unacceptable	See answer above
Shevington Library	WAE	Yes	Yes		There is no need to be using schools for polling stations which result in a closure for the day, there are so many community assets in the Borough.....through the council adopting a true asset based community centred approach this should be evident!!!!!!
