

IMPORTANT: This list is not an “approved list” and inclusion on it does not constitute a recommendation by the Council.

Our Contractors Registration Scheme requires contractors to carry out all work in strict accordance with a detailed Master Specification. This helps to ensure that good building practice is followed and that the materials used and methods applied lead to a good standard of work. An ongoing evaluation system is in operation and any contractor who fails to maintain standards is firstly warned and then removed from the list.

**Wigan Council - Private Sector Housing Section
Registered Contractors List as at 09/11/2017**
