

## Wigan Archives & Local Studies

### Leigh Canal Boat Records

List produced by Professor Timothy Peters on behalf of the Waterways Archives and Wigan Archives & Local Studies.

The volumes give details of those boats inspected by the Leigh Municipal Borough Health Inspector and registered with the Leigh authorities as operating on canals in the Leigh area between 1901 and 1954.

Each boat was inspected to ascertain its general condition and that of any living quarters on board.

The original records from which these details were transcribed are held by Wigan Archives & Local Studies.

In many cases further information to those details provided can be found in the original sources; to consult these, please contact the Archives Service.

Transcriptions for the following sources are provided below:

#### **Leigh Canal Boats: Health Department Inspector's Report Book, 1901-1960**
