1491	53	Denney	John	1878	19/03/1941	14/06/1941	12/1960	132.5	Dermatitis	Ordinary Work	This member is suffering from Dermatitis resulting from an injury to his elbow sustained on 19.3.1941. The Member has, however, been able to continue at his ordinary work except for short periods when he has had to come on the funds. The case has not previously been recorded for valuation purposes owing to the Local Secretary not having brought the number of weeks forward on each occasion the Member has returned on the Funds.

1780	97	Roberts	Ben	1912	02/01/1950	15/04/1950	12/1955	64.5	Dermatitis	Ordinary Work		
												This case was recorded as having recovered on Schedule D in 1931 and consequently the case has not been brought forward. After returning to ordinary work in 1929 the member had to give up again in 1932 on account of nystagmus but did not come on the funds as he was immediately found work on the surface and has continued on light work until he retired on 08/07/1950
