Context

Name of Creator: The Lancashire and Cheshire Miners' Permanent Relief Society (LCMPRS)

Administrative history:

The Lancashire and Cheshire Miners' Permanent Relief Society was set up in 1872 to provide financial relief to miners. In return for a weekly subscription, relief was paid to miners who were unable to work as a consequence of an injury sustained in a mining accident and to the widows, children and dependent relatives of miners who were killed. In 1920 the Society began making payments to miners who were unable to work due to industrial diseases and to musculoskeletal disorders caused by their work. In 1934 cover was extended to accidents outside of the workplace. In 1939 the Society also began making payments to miners suffering from lung diseases such as silicosis and pneumoconiosis. As well as financial relief, the Society paid for medical treatment and surgical appliances, such as artificial limbs. Membership was open to men, women and children.

The Society was governed by a board of trustees and managed by a board of management and appointed officials, including a general secretary. Although moving across a number of sites, the office of the Society was always based in Wigan.

The Society assisted with the administration of the payment of relief to the families of the victims of the Maypole Colliery Explosion, 1908 and the Hulton Colliery (Pretoria) Explosion, 1910 made from the Mayor of Wigan and Mayor of Bolton funds respectively.

As a consequence of the decline of the coal industry in Lancashire, Society membership fell.

In 2006 the assets, liabilities and engagements of the Society were transferred to the Druids Sheffield Friendly Society. In 2015 the Druids Sheffield transferred their engagements to the Independent Order of Odd Fellows Manchester Unity Friendly Society, a part of the Oddfellows Group.

Archival history: The records of the Society were deposited with Wigan Archives Service over a number of years. The last deposit was made in 2006

Accruals: No further accruals are expected

D/DS/22/3/12	Hulton Colliery Pretoria Pit Explosion Fund Case Files - Victims, Survivor and Rescuer						The Society administered the Hulton Colliery Explosion (1910) Relief Fund and behalf of the Mayor of Bolton. The Society often acted as an advocate on behalf of the families of the victims, as well investigating particular cases. Each victim was allocated a Register Number (R.N.).The Society maintained separate files for each victim. In instances of more than one victim in a family and particular where victims were brothers or father and son(s), although each had a unique register number, records were often kept in together in one file.	series
